Have you heard anything today that might be useful in your own programming or training?

An opportunity for attendees to share and reflect on takeaways as part of the LOEX Fall Focus session "Cultivating Community with Future Colleagues". Use the "plus" sign in the bottom right to post or double click anywhere on the board.

⟜ **focus on disability and accessibility training**

♡ 1 ⭕ 0

⟜ **Yes!**
Using and exit ticket reflection at the end of training. Having training on "other" resources: accessibility, mental health, etc.

⟜ Would love to develop a LibGuide like the one you have for Reffies!

♡ 1 ⭕ 0

⟜ **Job search/ skill activity**
I love the idea of helping the students search out jobs, identify skills, and build out projects to develop those skills.

♡ 2 ⭕ 0

⟜ I will definitely add the basic and advanced example questions ahead of a ref shift

♡ 1 ⭕ 0

⟜ Having a worksheet of reference questions to work through. Having them in categories...types: reference, information, direction, printer...

♡ 1 ⭕ 0

⟜ **Mostly a reminder that we need to approach our training with more intention. Due to a number of factors it's not been a high priority over the past 3 years, but this is overdue for a change! You've given several great ideas here.**
